National Marriage Week USA

MARRIAGE IS WORTH IT! • EVERY FEB 7-14

Dear friends,

[National Marriage Week 2021](#) is right around the corner! Though it's coming up soon on **February 7-14**, there's still time to plan a virtual event to strengthen marriages in your community.

This year, financial, emotional, and family stressors of COVID-19 have put additional pressure on marriages. We know this year's National Marriage Week will look different, but marriages need more help than ever.

In the coming weeks, we'll be sending out ideas for safe ways you can celebrate National Marriage Week, including [video courses](#), online workshops, and more.

In the meantime, if you've already planned a virtual event, please add it to our [National Marriage Calendar](#). As always, it's free to post and a great way for couples in your community to find resources to strengthen their marriages.

Yours,

Sheila Weber
Executive Director

Heather Grizzle
Communications Director
